MEMORANDUM FOR THE RECORD

**SUBJECT: Senator Birch Bayh's Call to the Director Re
S. 782 (Ervin bill)**

1. This morning Senator Bayh called the Director to say that in today's upcoming meeting of Senator Ervin's Subcommittee on Constitutional Rights he was going to push for a complete exemption for the Agency from S. 782, but wanted to be sure that if this was not successful we could live with the partial exemption we had been discussing. The Director said that we could.

2. Senator Bayh said that the FBI had told Senator McClellan that our proposed compromise solution was unacceptable from their standpoint and they would agree to nothing but a complete exemption.
